

### Description and measurements for line quote

- Circle the fittings that your boat and dock have  
\*H is a fairlead\*
- Measure and record the distances between the points or along the dock parallel to the fittings (obviously your boat and dock may not have all fittings).
- Any measurement where a fitting A or B is ahead of 'E' should or D is ahead of 'F' be marked as a '-' (negative) number

Circle the fittings your boat & dock have:

A, B, C, D,  
E, F, G, H

Measure the following (where applicable)

Beam of the boat

.....

Height of gunwhale/cleat above dock at

A .....

B .....

D .....

Length along dock parallel to fittings

E to A .....

E to H .....

E to B .....

E to C .....

C to F .....

G to B .....

G to H .....

G to D .....
